Members of the Albany Lions Club are reminding local residents that profits from light bulbs and fluorescent tubes sold from the display at Chele's Market, Solano and Marin streets, go to the Club's welfare fund.

Since you pay only the regular list price for the bulbs, you don't replace those burned for dim bulbs, get a few for emergencies, and help the Lions with their many well-known projects???

By F. E. (TED) PICKERILL

The Art Appreciation meetings got off to an auspicious start three weeks ago, and each meeting has been attended by a large group. We all appreciate the opportunity of participating in such an outstanding program. Each meeting consists of a color slide film showing of famous paintings with a lecture (record) given by a member of the world renowned National Gallery of Art which supplies the materials. The slide film and lecture is followed by a color, sound motion picture describing additional art treasures in the gallery.

The subjects of this program on Wednesday, August 22, beginning at 1:00 p.m. will be "Great Spanish Masters" and "Gallery of Children."

The Begonia Garden Trip was much enjoyed by everybody attending. The surprise stop on the way back home, arranged by Beulah Belling, was a most unusual

one. This was at Farrell's Old Fashioned Ice Cream Parlor in Fremont. With much fanfare, each person was given a party hat and large bowls of assorted ice cream flavors were put at each table. There was no scrumping on the servings, each bowl containing enough ice cream for a refill serving. (Albert Knight, who is really a world traveler, said it was the most ice cream he had ever seen in his life.)

On Sunday, August 26, at 2 p.m., there will be a special performance of the "California Varieties," an exciting new variety show, presented at our Center. Everyone is welcome to attend this entertainment.

Mrs. Jean Rutherford continues to be here on Tuesdays from 1:00 p.m. to 4:00 p.m. to help you fill out your property tax refund forms. Have you filed yours?

Please phone 526-1601 for more information about any of our activities.

## Albany Man Founder Of Mentally Retarded Camp

Albany resident, Alexander Krem, is a teacher in the San Leandro School District's program for the mentally retarded. But, he is also founder and director of Berkeley's Camping Unlimited, a non-profit program for retarded and special problem children, which is supported for the most part, by donations, and volunteer labor.

Krem began the local program in 1959, when he conducted a campout for mentally retarded children in his backyard. The program now operates on a year-round basis, and includes weekend and holiday trips to such places as Marineland, military bases, aircraft carriers, snow trips and others of interest to the children.

The volunteer counselors from the community are of all ages, and only the camp director, cook and nurse receive salaries during the camp's summer months.

The program works as much as possible on the premise that the children themselves should determine what their daily activities should be.

"It's important for the people in the community to realize that the mentally retarded can have as much fun as normal people."

## Tuborg Classic At Laguna Seca

The Tuborg Classic, the first NASCAR race ever to be held at Monterey's Laguna Seca Raceway, is scheduled for Saturday and Sunday, August 25 and 26.

The NASCAR Grand National West, promoted by Sports Car Racing Association of the Monterey Peninsula, will be held on the 1.9 mile asphalt road circuit with nine turns per lap, for a purse totaling \$19,925. First place winner will receive \$2,300; 2nd place, \$1,650 and 3rd place, \$1,200. Consolation Race prize money will be \$1,500.

Practice will be held from 9 a.m. until 12:30 p.m. on Saturday, with time trials scheduled for 1:30 to 4 p.m. the same day.

The 150-mile, 79-lap Tuborg Classic will begin at 1 p.m. on Sunday, with the Consolation Race of 50 miles (27 laps) taking place at 11 a.m.

Tickets at advance prices are now available at all Macys, Sears and Ticketron offices.

Krem says. He also notes that in the 14 years the program has existed only one child has been hurt while participating in a camp activity.

Cost of the summer camp, which has been booked full for this year, is \$50 per week, and includes food, insurance and transportation, if necessary.

Weekend trips during the year run from \$2 for a one-day outing to \$6 for two days. Camperships are also awarded, when funds are available, for children needing financial aid. Such funds are acquired from donations from various community sources.

Interested persons who may wish to aid this non-profit program, sponsor a campership or enter a child in the program, are asked to contact Camping Unlimited, P.O. Box 677, Berkeley, CA 94701.

## Albany Woman's Granddaughter Wed

Eleanor (Ellie) Hennefer, former Albany resident, daughter of Mrs. Laurence Barbee of San Pablo, and granddaughter of Mrs. Eleanor Miller of Albany, was recently married to Robert Harris, son of Mr. and Mrs. Richard Harris of San Pablo.

The ceremony was performed by Rev. Robert Welch of the Triple Alliance Church of Tara Hills, at the home of the bride's mother and step-father, with the step-father escorting the bride.

Ellie chose a gown of blue and white brocade for her wedding, and she wore a pearl necklace given to her grandmother on her wedding day.

Sherrie Williams of Tara Hills, San Pablo, served as Maid of Honor, and Best Man was John Somme of Pinole.

Following a reception and buffet dinner, the couple left for a honeymoon tour of Southern California. They are now residing in

## Applications For Coast Guard Class of 1978 Now Available

The U.S. Coast Guard Academy has announced it is accepting and processing applications for appointment as Cadet, US Coast Guard Class of 1978.

Appointments are made solely on the basis of an annual nationwide competition, with no congressional appointments or geographical quotas. Competition is based on the candidate's high school rank, performance on the College Entrance Examination Board Scholastic Aptitude Test, and leadership potential as demonstrated by participation in extra-curricular activities, community affairs or part-time employment while in high school.

To qualify for the competition, an applicant must be unmarried and have reached his 17th birthday, but not his 22nd, by July 1, 1974.

Minimum educational requirement is a high school diploma. However, high school seniors assured of graduation by June 30, 1974, are eligible to compete provided they have at least 15 credits by that time.

Applicants must have completed three units in English, three in mathematics (including algebra and plane or coordinate geometry or their equivalents), and must fulfill the basic physical and moral requirements.

## Aid For Defective

### FHA Homes In Bill

Some 340,000 homeowners who have been stuck with defective FHA houses, will be given the right to file claims for repairs by one of the housing amendments introduced recently by Senator Alan Cranston and approved by the Senate.

The Cranston amendment will unfreeze \$72 million to provide low-interest loans to rehabilitate some 12,258 older housing units awaiting rehabilitation.

"Anyone who buys an FHA insured home has every right to expect that on the day he moves in, his home will be in decent, safe and sanitary condition," Cranston said. "Instead, thousands of Americans buying FHA approved homes have had their expectations shattered when they discovered that the FHA had not protected them from buying homes with faulty wiring, unsafe and leaky roofs, defective furnaces, inoperative plumbing, and cracked foundations."

"Many homeowners who get stuck with these defective homes cannot afford the repairs, and consequently are forced to default on their mortgages."

It is estimated that since August, 1969, some 345,000 people have purchased defective FHA homes.

## Cancer Patients Need Life-Savers

"Life-saving" volunteers are needed to drive cancer victims to and from doctors' appointments and hospital therapy treatments, according to Mrs. Arnold Linden, Volunteer Transportation Coordinator for the Alameda Cancer Society.

With summer vacation here, Mrs. Linden points out that many regular volunteers are off on holiday, making the need for assistance even greater than before. Currently, in the metropolitan area, there are three cases who desperately need transportation, and each day brings more requests for help.

Often, Mrs. Linden explains, the call involves a one-car family — father can't take time off from work, yet mother or a child must have treatment. Other examples include a 3 1/2 year old child who must have treatment 2 days a week — the parents have no car and no money.

A mother, with two small children, has exhausted her financial resources but must have 40 days of consecutive special treatment, followed by periodic visits for over a year to forestall the spread of cancer.

A gentleman in his early 90's, cheerful but concerned, needs treatment, but is unable to cope with buses and much walking.

Many of the patients have expressed their deep appreciation of the volunteers' help, such as one who wrote: "Each contact with different kind, sympathetic drivers was inspirational and a revelation to me. I'm mending because of their time, help and rapport."

"We've kept many patients alive, we feel," says Mrs. Linden, proudly, "and with more volunteers — we could save still more lives."

Mrs. Linden is asking anyone who can spare a few hours a week, to please call the Alameda County office of the American Cancer Society at 832-7012 — a few hours a week could help save a life.

## Nursery School Sign-ups Open

Applications are now being accepted for fall enrollment in the Albany Parents Nursery, located in the Albany Community Center, 1058 Monroe St., in University Village. Any Albany child, between the ages of two years, nine months and five years of age is eligible to enroll.

Younger children attend the morning session, and the older ones the afternoon session. The program includes a variety of interesting and educational activities, including: cooking, arts and crafts, and science and nature study.

Ruth Friedman, director of the morning program and Greta Willson, afternoon program director are assisted by the cooperating mothers. All sessions are held Mondays through Fridays, with mothers participating as assistants one day per week.

Mothers must also attend a weekly evening meeting on child development and nursery school education.

Interested persons may contact morning membership chairman, Kathy Rogers, at 527-0245 or afternoon chairman, Norma Gomez, 525-4341.

## Polio Epidemics May Not Be Over

Polio epidemics — a national scourge not more than 15 years ago — could happen again, says California's health director, Dr. J. M. Stubblebine.

"Immunization of children, especially pre-schoolers, against potentially dangerous level," the potentially dangerous level, the State director noted.

He estimated that 27 per cent of the children in the State, ages 1 to 4, have not received adequate polio immunization. (In order to achieve a 90 per cent immune level, 221,000 children need to receive at least two doses of vaccine, he said).

"With schools reopening next month," Dr. Stubblebine said, "it is essential to remind parents that the state law requires proof of polio immunization before a child may be admitted to school in California."

Alameda County has been free of paralytic polio cases since the mass polio immunization program of 1962, according to Dr. Horton Nelson, County Health Officer. "However, there could be children, and adults too, paralyzed from polio, if they fail to obtain the Sabin oral vaccine which prevents this disease," the Doctor warns.

Immunizations are available from private physicians, community clinics and Alameda County Health Agency clinics. Recommendations about immunization and the location and time of clinics can be obtained by calling 874-7196.

Parents who take their children in for immunization now will avoid the last-minute rush before school starts.

## AMA Seeks Members

The Albany Municipal Employees Association will hold a business meeting on Thurs., Aug. 23, at 6:30 p.m., at the Senior Citizens' Center, 850 Masonic Ave. All Albany municipal employees and retired members are invited to attend.

Tony Kalberer, AMEA president, announced that the by laws of the Association have been amended to include all city employees, including retired personnel.

The Association, being a social and civic organization, under the reorganization has reduced its dues structure.

"We are also seeking active membership of retired city personnel into the organization," Kalberer said.

The group meets the fourth Thursday of every month alternating business meetings and pot luck dinners. The September meeting will be a pot luck.

## Short Council Holds Short Monday Meeting

With Councilman Richard Clark arriving at almost the end of Monday night's Council meeting, and Councilman George Hein away on vacation, the three remaining Council members acted on the items on the agenda in twenty-four minutes and adjourned the meeting to last night at 8 p.m., to take final action on Resolution No. 73-66, approving the tentative map of Tract 3528, the Interstate General

Corp's Albany Hill project. In adjourning the meeting until the following evening, the Council explained that certain deeds and matters relating to the project had not been finalized, but were expected to be completed by Tuesday.

Councilman Clark arrived at the meeting in time to second the motion to adjourn the Council meeting until the following night.

In other action Monday night the Albany City Council accepted Administrative Officer James Turner's recommendation to remove the yellow zone on Key Route Blvd., adjacent to 1275 Solano Ave., and restore the area to one-hour parking, and set the date of Tues., Sept. 4, for a public hearing regarding the application of Mrs. Rose Resetz and the Adonis Massage Studio at 1071 San Pablo Ave.

Bids were opened for the installation of thermoplastic crosswalk striping on Solano and Marin Aves.; chain link fence at Albany Preschool, and janitorial services at City Hall, the Police Dept. and the Albany Senior Center. All bids were referred to the City Engineer and the City Attorney, who will report their recommendations at a sub-sequent Council meeting.

During the "Good of the City" portion of the meeting Councilman Joe Carlevaro, acting in his position of Fire Commissioner, read a communication from the US Dept. of Agriculture, commending the Albany Fire and Police Depts. for their recent action in extinguishing a potentially dangerous fire at the USDA Western Regional Lab. on Buchanan.

## Laney College Enrollment Open

Registration for the 1973 Fall Semester at Laney College, 900 Fallon St., Oakland, is now open and will close August 31. Class enrollment will be held on Sept. 4 and 5, with the Semester starting on Sept. 6.

Classes will be open for those interested in learning a skill in one of the 20 occupational programs offered, as well as for those seeking to obtain an Associate Degree in one of the many liberal arts fields.

New students are urged to register as soon as possible in order to obtain an appointment for registration before enrolling in classes. Students planning to carry seven units or more should contact their counselor and have their transcript sent to the Laney College Admission and Records Office as soon as possible.

All classes are tuition free and open to all residents of the Peralta College District (Alameda, Albany, Berkeley, Emeryville, Oakland) who are 18 years of age or older. However, every registered student must pay a \$2 per semester Student Use Fee, before enrolling in any class. The fee, approved by the Board of Trustees, will be deposited in the Peralta District General Fund to be used only to retire the bonds, pay interest and build up required reserves for the College.

## Farewell Pot Luck For Local Minister

St. Alban's Episcopal Church will hold a Pot Luck Supper Friday, Aug. 24, to honor the Rev. Robert Shearer, his wife, Penelope and children, Ann and John. Rev. Shearer will be assuming the interim pastorate at the Woodside Village Church next month.

Father Shearer has been interim minister at St. Alban's since March of this year. During the week he directs the Montgomery Street Center in San Francisco, which he established in 1970.

St. Alban's is continuing its search for a permanent minister to succeed the former pastor, Rev. Preston T. Kelsey, now rector of the Church of the Transfiguration in San Mateo.

## Up, Up and Away Go

### Our Rising Prices

As most Albany housewives are aware, the price of milk has gone up 6 cents a gallon, along with many other items.

State Director of Food and Agriculture, C. B. Christensen, said the increase had been approved because dairymen must now pay higher prices for feed.

He also warned that the increase won't satisfy the farmers, and the milk and dairy industry will be back demanding more of an increase.

The average Albany homeowner will also start paying 25 cents a month more on his PG&E bill, because of a rate increase granted by the State Public Utilities Commission earlier this month — a \$24.3 million yearly rate increase, the second boost given the huge utility company this year.

Other increases granted by the PUC included a \$2.58 million boost granted to Greyhound Bus Lines, to allow a five-percent fare hike within the state, to offset increased labor and other costs.

## Note of Thanks

I would like to thank all my friends for the cards, calls and gifts I received during my stay in Albany Hospital.

# WHAT'S HAPPENING TO YOUR GAS AND ELECTRIC BILL?

You won't like it. We don't like it. But it's happening. Your monthly utility bill is going to get bigger and bigger.

Here's a look at the reasons why.

### HIGHER FUEL COSTS.

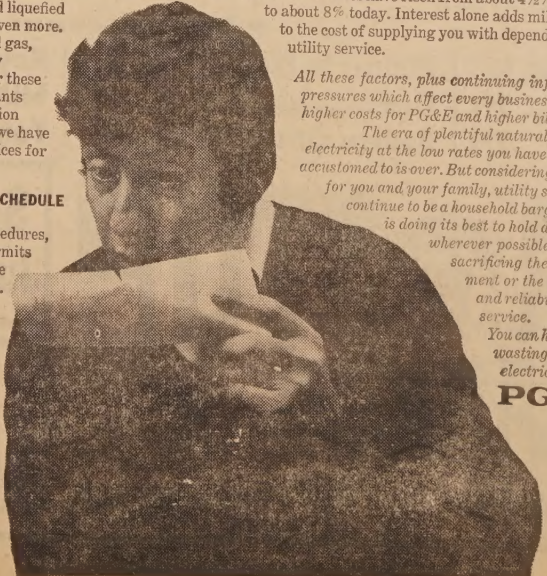

Most of our steam-electric power plants are fueled by natural gas or oil. Unfortunately the cost of both fuels has gone up and will go up higher.

The search for new gas supplies, including exploration in Canada and the Alaskan north slope, is expensive. Such gas will cost more initially, and bringing it from greater distances will add to its price. Alternatives such as gas made from oil or coal, and imported liquefied natural gas could cost even more.

Besides natural gas, low-sulfur oil is the only acceptable fossil fuel for these steam-electric power plants under present air pollution control standards. And we have to pay high premium prices for low-sulfur oil.

### CONSTRUCTION SCHEDULE DELAYS.

Regulatory procedures, requiring 30 or more permits from public agencies, are taking longer and longer. And new laws and regulations have established more complicated procedures for plant siting and construction. All these slow down construction schedules, and inflation alone is adding substantially to costs during these periods of delay.

### ENVIRONMENTAL COSTS.

Communities have become a lot more attractive since we started putting power lines underground. But it costs money. So does building and landscaping esthetically pleasing plants, minimizing stack emissions and cooling water discharged from power plants. In fact, during the 1973-1976 period PG&E's environmental expenditures will exceed \$300 million.

### HIGHER INTEREST RATES.

Utilities are "capital intensive" industries. That means, when we build new facilities we have to raise vast sums of capital (\$450 million this year). And interest rates have risen from about 4 1/2% in 1965 to about 8% today. Interest alone adds millions to the cost of supplying you with dependable utility service.

All these factors, plus continuing inflationary pressures which affect every business, result in higher costs for PG&E and higher bills for you.

The era of plentiful natural gas and electricity at the low rates you have become accustomed to is over. But considering all it does for you and your family, utility service will continue to be a household bargain. PG&E is doing its best to hold down costs wherever possible, without sacrificing the environment or the quality and reliability of your service.

You can help—by not wasting gas or electricity.
